| Agency US Department of Transportation (DOT) | Bureau Build America Bureau | New or Existing Program New |
| Application Deadline December 6, 2022 | Maximum Award N/A | Total Allocation N/A |

Description

The Thriving Communities Program (TCP) is designed to provide technical assistance, planning, and capacity building support to advance a pipeline of transportation and community revitalization activities that increase mobility, reduce pollution from transportation sources, expand affordable transportation and housing options, improve health outcomes, facilitate efficient land use, preserve or expand jobs, and enhance connections to health care, education, and food security to benefit disadvantaged populations and communities. The TCP will also support and build local capacity to improve project acceleration, access to and management of Federal funding, and deployment of local hiring, workforce development and inclusive community engagement practices.
